Re: *Jones v. Pfizer*
Civil Action No. 1:10-cv-03864-AKH

Dear Judge Hellerstein:

We are lead counsel for the lead plaintiff Stichting Philips Pensioenfonds in the above-referenced action. On May 24, 2011, defendants filed a Notice of Motion to Dismiss Plaintiffs' First Amended Consolidated Class Action Complaint (the "Notice") and accompanying memorandum of law.

The Notice requested a hearing date of July 12, 2011, or such a date and time as the Court determines appropriate. Pursuant to the Court's Order of April 5, 2011, on June 24, 2011, lead plaintiff filed an opposition to defendants' motion to dismiss. Defendants' reply is due to be filed on July 11, 2011.

In light of prior commitments and the time frame between the time defendants' reply is due to be filed (July 11, 2011) and the requested July 12, 2011 hearing date, I write to respectfully request that any hearing on defendants' motion to dismiss be held the week of August 1, 2011, or a date thereafter that is convenient for the Court.

We have conferred with defendants' counsel, who have indicated that they have prior commitments the week of July 26, 2011, but otherwise do not oppose our request.
